Patients are required to see a doctor the first time a prescription for long-term medication is requested. Thereafter, if it is appropriate for you to receive repeat prescriptions, the following points should be noted:

- you should request a repeat prescription at least one week before you run out of the medication (in case an appointment is required)
- it takes a maximum of 2 working days for the repeat prescription to be processed
- you will be required to see a doctor from time to time to review your condition
- please order repeat prescriptions in good time prior to university vacations
- prescriptions can be ordered via our website **www.umsuea.co.uk** over the counter, by phoning 01603 251600 or via Patient Access online.

Certificated medical forms (eg; if you are planning to spend a year abroad, or you are going to work in Camp America, undertake a particular sport or need 'fitness for work' confirmation etc...) are not covered under NHS funding, therefore a fee will be charged to cover the appointment and administration of the requested documentation.
